## **BOARD DEVELOPMENT AND REVIEW OF ADMINISTRATIVE REGULATIONS**

It is the duty of the School Board to approve administrative regulations prescribing the rules to be followed by administrative, faculty, and student personnel while under the jurisdiction of the Board. The preparation of the regulations is delegated to the Superintendent of Schools who presents them to the Board for approval and adoption.

Administrative regulations shall state the course of action to be followed by the personnel affected, as well as the disciplinary measures to be taken when infractions occur. The Board shall ascertain that these regulations conform to the law and to Board policies.

The Board itself shall adopt administrative regulations when specific state or federal laws and/or regulations require the Board to do so. The Board may also adopt other regulations. The Superintendent may recommend Board adoption of regulations in light of strong community attitudes or probable staff reactions.
