## **STUDENT INSURANCE PROGRAM**

The School Board recommends that all students have accident insurance for their and their parents' protection. The school does not provide insurance covering medical payments for student accidents. Students participating in interscholastic athletics will be required to have accident insurance. Football players will be covered by a separate district accident policy.

Although arranging for such insurances is the responsibility of the student and parents or guardians, the School Board will name an insurance carrier each year to offer group rates. Participation in the group plan is purely optional; however, proof of accident insurance is necessary if a student is to take part in interscholastic sports.
