## **VISITORS TO THE SCHOOLS**

Citizens are encouraged to visit the schools.

Persons wishing to visit or meet with a teacher for the purpose of discussing a particular problem shall do so only at a time when it does not interrupt the normal school program. Persons wishing to make arrangements may do so by securing an appointment with the teacher through the office of the principal, the guidance office, or by direct contact with the teacher.

No person shall visit a school without first reporting to the office of the principal as to the purpose and place of the visit.

The School Board believes that parents of school children have special rights and responsibilities to keep themselves informed about the schools in order to benefit their children.
